MT MONOPOLY™
TAPWARE

AUSTRALIA'S FAMILY OF TRUSTED PLUMBING SOLUTIONS

Austworld.com.au

1300 780 430

info@austworld.com.au

AW
AUSTWORLD

Austworld engineers and designers are continually developing new products for the Australian market. These products exceed quality certifications and lead the way in water and labour saving innovation.

Metforge is designed locally and made tough to endure every extreme of the harsh Australian environment. The quality assured Metforge range includes everything from T Head Tapware, Compression and Screwed Brassware.

The Metpress Copper Fitting system has been created for Australian conditions by the Austworld engineering team. It is one of the world's safest, quickest and most reliable copper pipe installation systems for below and above ground applications.

Logi Valve is the trusted range of precision valves that are the foundation for thousands of commercial, residential and industrial projects around the country. The highly-regarded range features the likes of: Dual Approved Ball Valves, Gate Valves, Gas Isolation Valves, Non Return Valves, Dual Check Valves and that's just for starters.

Logi Civil extends Logi's great reputation into civil projects. Logi Civil has been designed by Australian engineers to meet the incredible demands of civil applications across this ever-changing land.

Quikpex is another great way that Austworld is improving efficiencies for plumbers, builders and developers. The super quick and easy to use push-fit Pex tubing system enables plumbers to work fast and deliver quality thanks to a smarter and simpler system developed by Austworld's Australian engineers.

The Monopoly tap and fittings range is the perfect way to add the finishing touch to bathrooms, kitchens and laundries. The range is extensive and includes designs from contemporary to classic.

Confidence. That's what you get with the Titaseal range of PTFE tapes and thread sealant. Titaseal's quality and reputation is second to none ensuring you get the job done right the first time.

Our Titaflex range is a robust and flexible stainless steel braided water connector featuring PEX inner that is used for flexible connecting. It was designed by our team to ensure simple and easy change over especially for retrofit applications. The Titaflex range also includes cover plates, screws, water signs and tapes.
